Selphie's Memories

Authors note: Okay, okay I don't really like Selphie. In fact she's my least favorite character. But beyond her crazy and ditzy exterior I truthfully believe that there's something more. Beyond her "Whoooooos" and "Everybody Love and Peace's" I believe she may have some deep thought lurking within. I didn't think it was right to leave her out of my memory series. You may not agree with what I think is going through her head, but please read it and I hope you enjoy.

Vividarium et Intervigilum et Viator

Am I the sleeping messenger?

Am I the one this talks about?

What dreams of mine have passed with out another thought?

Has my life been satisfactory?

Has my ditzy outside been overlooked?

But what about what I am on the inside

These questions have crossed my mind

Oh, does it truthfully make a difference?

Vividarium et Intervigilum et Viator

I first meet Squall as a messenger

Because of that, I relearned my passed

I'm just a messenger in a yellow dress

What I believe is liberal

I'm never quite sure what people think of me

Never quite sure if I'm being overlooked

I'm never quite so sure of anything
